

The Northwest Missourian

Northwest Missouri State Teachers College

VOLUME XIII

MARYVILLE, MISSOURI, WEDNESDAY, NOVEMBER 3, 1926

NUMBER 6

WHO'S WHO Among the Student Body

Some eighty-five students comprise Who's Who of the S. T. C. student body. Who's Who is made up of the officers of the various classes, societies, clubs, religious organizations, pep groups, and the staff of all publications. It also contains captains of varsity athletic teams and the cheer leaders.

Here they are:

Senior Class
President, Fred Street.
Vice-president, Margaret Mills.
Secretary, Nello, Castile.
Treasurer, Wilbur Cox.

Junior Class
President, Kenneth Fouts.
Vice-president, Rebecca Briggs.
Secretary, Mary Elizabeth Jones.
Treasurer, Mary Elizabeth Jones.

Sophomore Class
President, Chilton Ross.
Vice-president, Clement Rickman.
Secretary, Susie, Hankins.
Treasurer, Paschal Monk.

Freshman Class
President, Willis Wamsley.
Vice-president, Frances Remus.
Secretary, Harold Lee Yates.
Treasurer, Harold Lee Yates.

Student Council
President, Burdette Yeo.
Vice-president, Elizabeth Mills.
Secretary, Ward Barnes.
Treasurer, Ward Barnes.

Tower Staff
Editor-in-chief, Byron Beavers.
Business Manager, Ward Barnes.
Associate Editor, Rebecca Briggs.
Art Editor, Audrey Stivalt.

The Northwest Missourian
Literary Editor, Floyd Heffley.
Organizations, Mary Elizabeth Jones.
Snapshots, Marvin Westfall.

Kenneth Fouts, circulation.
Athletics
Dave Ends, football captain.
Gordon Joy, basketball captain.
Forrest Howland, cheer leader.
Ray Ferguson, assistant.
Cleo Wyman, assistant.

Residence Hall, Student Organization
President, Elizabeth Mills.
Vice-president, Susie Hankins.
Secretary, Florida Moore.
Treasurer, Mary Hausell.

Kappa Omicron Phi
President, June Cozine.
Vice-president, Clea McCoy.
Secretary, Alda Gowers.
Treasurer, Wilma Roobins.

Phi Omega Psi
President, Ina C. Wachtel.
Vice-president, Ruth Hughes.
Secretary, Merna Williams.
Treasurer, Belle Riggs.

Social Science Club
President, Guy Canaday.
Vice-president, Frank Klein.
Secretary, Mattie Evans.
Treasurer, Mildred Cook.

W. A. A.
President, Margaret McMurry.
Vice-president, Ruth England.
Secretary, Francis Shell.
Treasurer, Margaret Quinlan.

Mathematics and Science Club
President, Cleo Wyman.
Vice-president, Samuel Urban.
Secretary, L. Myrie Lyle.
Treasurer, L. Myrie Lyle.

Y. W. C. A.
President, Florida Moore.
Vice-president, Dorothy England.
Secretary, Crystal Hall.
Treasurer, Ruth Hughes.

Y. M. C. A.
President, Marvin Westfall.
Vice-president, Keith Swisher.
Secretary, Vernon Barrett.
Treasurer, Leland Medsker.

Newman Club
President, Sarah Boone.
Vice-president, Helen Henkins.
Secretary, Margaret Quinlan.
Treasurer, Mae Sturm.

Cub Oats (Boys' Pop Squad)
President, Clarence Bush.
Vice-president, Irwin Gubser.
Secretary, Ray Ferguson.

T. O. Jones (Girls' Pop Squad)
President, Pauline Manchester.
Secretary, Martha Yarborough.
Treasurer, Martha Yarborough.

Phi Kappa Phi Literary Society
President, Roy Dickman.
Secretary, Bernice Cox.
Treasurer, Genevieve Todd.

European Literary Society
President, Dorothy England.
Vice-president, Rebecca Briggs.
Secretary, Leland Medsker.
Treasurer, Fred Street.

Business Men
President, Helen Cottle.
Vice-president, Ruby Goodwin.

Interesting Talk to Y. M. by Mr. Hawkins

Numerous Instances of Successful Devotions Made in Private Are Cited by Teacher.

One of the most interesting and inspiring talks of the school of the year, was the talk given to the Y. M. C. A. last week by Mr. Hawkins. He did not specifically announce his subject but built his theme around two questions. The first was from Jaqueline Miller, "The awful silences of bearded men," and the second was from a Hindu poem, "Success dwells in the silences, though fame be in the song."

Mr. Hawkins cited numerous examples of men who had won success by decisions made while they were alone and in silence. He closed his list of illustrations by pointing to two supreme moments in the life of Jesus Christ. Christ reached the apex of his life alone and in silence. When He was praying in the Garden, then Christ triumphed over Himself in the silence of the mountain, when He said, "Get thee behind me Satan."

A large number were present at the meeting.

Kirkville Now Almost Sure of M. I. A. A. Title

College Bearcats Holding Down Third Place in Conference by Virtue of Defeat by Kirkville Last Friday.

The College Bearcats are now holding down third place in the Missouri Intercollegiate Athletic Association, by virtue of their defeat at the hands of Kirkville last Friday. This Kirkville team is leading the conference with a perfect percentage, while Warrensburg also has a rating of 1.000. The Bearcats stand with a percentage of .666.

All indications point to a walk-away for Kirkville in the conference this year. Although the Bulldogs have yet to meet Warrensburg and Springfield, they have won the two games which they have played by such overwhelming scores that indications can point at naught but a string of victories for them.

This week Kirkville meets Warrensburg at Warrensburg in the only M. I. A. A. game on the card. The other three conference teams either play non-conference foes or are idle.

Practically the only chance for a slip-up in the association this year would be for the Mules of Warrensburg to beat Kirkville, and this is hardly likely. The Warrensburg team won from Springfield by a 7-0 score and Maryville won from Springfield 3-0. And Kirkville walloped Maryville 50-7, so what can Warrensburg look forward to?

Kirkville leads the M. I. A. A. in points scored this season, with a total of 73. Maryville is second with 24, Cape Girardeau is third with 10, Warrensburg is fourth with 7, and Springfield trails the conference with 6 points.

In points which have been scored against a team, Maryville leads, with 60. Cape Girardeau is second with 43, Springfield is third with 9, Kirkville is fourth with 7, and Warrensburg has not been scored on.

Following is the percentage column for the M. I. A. A.

Team	Won	Lost	Pct.
Kirkville	2	0	1.000
Warrensburg	1	0	1.000
Maryville	2	1	.666
Springfield	1	2	.333
Cape Girardeau	0	3	.000

Advertising Class in Visit to Local Paper

The advertising class of the college spent Monday afternoon visiting the Democrat-Forum office and newspaper plant. The class is now making a study of the advertising copy and the practical information that was received at the newspaper office will serve to eliminate a number of problems that were not clear in the minds of some of the students.

The class, which is taught by Mr. Eek, was taken through by W. J. Studer, the advertising manager of the Democrat-Forum. About twenty students were present.

Secretary, Mary Green.
Treasurer, Mary Green.
Officers not listed as yet.

Many Teachers From Here Will Attend Meeting

President Coolidge and Queen Marie of Rumania Will Be in Kansas City While Pedagogues Are in Session There.

Many teachers of the College will go to Kansas City November 10-13 to attend the sixty-fourth annual meeting of the Missouri State Teachers Association. School will not be dismissed at this time, all teachers attending the meeting disposing of their classes as they see fit.

The meeting this year is expected to draw an attendance of some 8 or 9,000 teachers from over the state. President Coolidge and Queen Marie of Rumania will both be in Kansas City on Armistice Day, November 11, and the former will speak at the dedication of the Liberty Memorial Monument on that afternoon. All of the teachers attending the association will be given an opportunity to hear the President at this time.

Many On Program
Many of the administrative officers and faculty members of the College are officers of the association, and many will take part in the program. A survey of the program for the association meetings shows that the College ranks well in the choice of speakers and officers for the association. Of course, the University of Missouri has a larger representation on the program, but otherwise Maryville ranks with all others.

A feature of the association meetings for local persons is the Northwest Missouri State Teachers College luncheon, which will be held in the Banquet Room of the Kansas City Athletic Club at 12:15 p. m., on Friday, November 12. All faculty members of the College who are in Kansas City and all former students and teachers will attend this luncheon. As a feature, Francis G. Blair, state superintendent of schools in Illinois and president of the National Education Association, will speak at the gathering.

Mr. Phillips, of the education department at the College, is a member of the legislative committee of the association. Mr. Phillips is also scheduled to speak at a meeting of the department of physical hygiene on Friday afternoon.

Mr. Lamkin Speaks
President Lamkin will address the department of elementary schools on Friday afternoon at Convention Hall. Mr. Lamkin has not announced the subject of his address.

The College president is a member of the committee on state school survey, and is chairman of the building committee of the association. Leslie G. Somerville, nodaway County superintendent, is a member of the reading circle board. Mr. Somerville's term does not expire until 1928.

Mr. Cooper, director of correspondence and extension at the College, will participate in a discussion in the department of agriculture at 9 o'clock on Friday morning.

Miss Barnard, dean of women at the College, is chairman of the department of deans of women and will have charge of its meetings. Dr. Saxman, director of physical education at the College, will speak before the deans on Friday afternoon on the subject, "Some Common Problems of the Dean and the Physical Director."

Miss Painter is secretary of the department of English of the association, and Miss Dow is one of the vice-chairmen of the department on modern languages.

Mr. Gardner, director of the Conservatory of Music, will speak before the department of music on Friday morning. His subject will be, "The Music Contests From the Adjudicator's Viewpoint."

Kappa Omicron Phi In Business Meeting

Home Economics Sorority to Sponsor Backward Party November 5 in Old West Gymnasium.

The Kappa Omicron Phi held their business meeting Thursday at 8:20 in the Kappa Omicron Phi held their business meeting Thursday at 8:20 o'clock in the sewing laboratory. A number of important matters were discussed. The Kappa Phi will give a Backward Party November 5, at 9:00 in the old ed in Home Ec., as a major or minor ed in Home Ec., as a major or minor are invited to come dressed backward.

Joy E. Morgan, Editor N.E.A. Journal, Here

Joy E. Morgan, editor of the Journal of the National Education Association, spent Monday at the College. Mr. Morgan supervises the printing of 120,000, 000 pages of type annually. His magazine has a circulation of 160,000, and in addition he has charge of all other printing matter for the N. E. A.

Rev. J. A. Cooper Is President of Dakota College

Former Maryville Minister and Instructor in Bible at College Will Head Sioux Falls Baptist Institution.

The Rev. Joseph A. Cooper, former pastor of the First Baptist Church in Maryville and instructor in Bible at the College, has been named president of the Sioux Falls College at Sioux Falls, S. Dak. Mr. Cooper, who was one of the most popular ministers ever to hold a Maryville charge, went to Sioux Falls in September, as minister of the Baptist Church. Shortly after his arrival there, F. G. Boughton, then president of the College, resigned, and since then Mr. Cooper has been considered for the presidency of the institution.

Sioux Falls College is one of three higher educational institutions located in Sioux Falls. It is a Baptist school.

Mr. Cooper will continue to be minister of the Baptist Church in Sioux Falls. His duties with the church, however, will be confined mainly to preaching. An assistant pastor will take care of his duties. This will enable the new college president to devote the majority of his time to his school.

Friends of Mr. Cooper at the College and in Maryville will rejoice with him in his new work. While here, his interest was centered a great deal around young men and women, and the College and High School students were among his warmest friends.

It's Flowertime

College Greenhouse Offers Pleasant Sight of Many Colors for All Who Visit It.

One of the most useful and beautiful buildings on the campus and perhaps the least talked-of building is the greenhouse. The greenhouse is used by the agriculture department, under the supervision of Mr. Withington, to carry on experiments in horticulture. During the recent teachers' meeting the 200 ferns which were seen in the various classrooms, offices, and the auditorium were raised in the greenhouse. The aim of the greenhouse is to furnish flowers for College functions and flowers to be sent to members of the faculty or student body who are sick, as well as to furnish an excellent opportunity for the study of horticulture.

A visit to the greenhouse at the present time will reveal hundreds of large chrysanthemums, about to bloom. In the adjoining room is a large bed of carnations of yellow, golden glow, spectrum, new variegated, and the Betty Lou varieties. One of the experiment stations at a staff teachers college has developed a carnation of a purple color which it has agreed to send for experimentation here. The care and raising, crossing, cutting, and many other interesting phases of plant husbandry are features of the course offered by Mr. Withington in general horticulture.

At this time of the year, many plants for use on the campus next spring are being planted in the greenhouse. More flowers are being used each year to beautify the campus and it is expected that more will be used next year than ever before.

A visit to the greenhouse is a pleasant way and a profitable one to spend a few leisure minutes.

FORESHADOWED EVENTS

Nov. 4-5-6—"Take It from Me" movie, College Auditorium
Nov. 5-Kappa Phi party
Nov. 5-Football game, St. Bonediet's vs. Bearcats.

Nov. 11-Football game, Warrensburg "Mules" vs. Bearcats.
Nov. 24-4 p. m. Close of the fall quarter.
Nov. 25-Football game, Tarkio College vs. Bearcats.

Industrial Arts Department to Offer New Work

Demand Now is for High School and Junior High Teachers Who Can Instruct in Several Allied Subjects, Whiffen Says.

An augmented plan of activity and service has been planned for the manual arts department, according to Mr. Whiffen, teacher. This program calls for advanced and specialized training for both high school and junior high school teachers of the manual arts and mechanical drawing.

The department is striving to train teachers particularly for junior high school work. The junior high school teacher of the present is required to teach more than just manual training, according to Mr. Whiffen. He should be able to give instruction in the rudiments of sheet metal, concrete, and electrical work.

At present the manual arts department is offering two courses in manual training, one in vocational administration, two in mechanical drawing, two in cabinet making and two in wood turning. Additional courses will be offered next quarter, and it is the aim of the department to usher in its augmented program as soon as possible.

Mr. Whiffen said in discussing the matter: "The demand for high school and junior high school teachers of manual arts and kindred subjects is greater than ever before. The industrial arts teacher draws a larger salary than that of a teacher in any other specialized field. Because of the demand, we are planning this greater program."

At present, twenty-six students are majoring in industrial arts. Each of these is working out some specialized project in connection with his classwork.

U.S. Department Gives Figure on School Children

Approximately One Person Out of Five in Cities of More than 10,000 Population Attends a Public School, Shown

Approximately one person in every five living in the United States, in cities of 10,000 or more population, attends a public school according to figures compiled by the Bureau of Education, Interior Department, published in Bulletin, 1925, No. 41. Statistics of city school systems, 1923-24. The exact percentage of school enrollment during that year was 19.4 per cent of population, based on the 1920 census.

In 773 cities of 10,000 or more population public day schools were in operation for an average of 185 days during the school year, and were attended by 8,742,969 pupils, of whom 81.4 per cent were in average daily attendance. Pupils ranged from kindergarten to college grade, and were enrolled in day schools, including vocational schools, and schools for the deaf, blind, and other special classes; but these figures do not include pupils in continuation, night, and summer schools. An average of 36.3 pupils were enrolled per teacher employed. Operation of these schools necessitated employment of 256,020 principals, superintendents, and instructors, and the maintenance of 14,922 buildings, at a total expenditure of \$907,807,163, exclusive of payments on principal of school debts.

Public schools in towns and villages of 2,500 to 10,000 population were maintained at a total expenditure for the year of \$195,068,708, exclusive of night and summer schools. These schools employed a teaching force of 80,271 persons had enrolled 2,497,197 pupils.

Altogether, during the school year 1923-24, for the instruction of 12,693,465 pupils, 2,881 city school systems in continental United States maintained day schools, night schools, summer and continuation schools, under a teaching force of 373,649 persons, at a grand total expenditure for the school year of \$1,118,926,543. This amount does not include payments made during the year toward liquidation of school debts.

"I'm sorry, but if you'll read my advertisement again you'll see that I distinctly said a Scandinavian cook."

"Lawd's sake! What difference do it make what a lady's 'ligion' am, if she can cook!"

Class Serves a Hot Lunch as a Project

A hot lunch was served at the 9 o'clock hour yesterday by the class in rural school organization, taught by Mr. Cooper. The principle of organizing and serving a hot lunch in a rural school was carried out yesterday. There are twenty students in the class, and all had part in the project.

Advertising for Football Game Work of Class

Students in Class Taught by Mr. Eek Are Studying Project with Hope of Applying It to a Bearcat Game Played Here.

The advertising class of the Commerce department is linking its classroom work with a real project outside of class. The class has been studying the principles of advertising for the first six weeks of the quarter and is now ready to branch out into the practical side of advertising. For the past week the students have been working on the right kind of advertising to use for the athletic seasons of schools, and our College in particular. There have been a number of different angles of advertising brought up in the experiment but the majority of the class decided on the poster system, newspaper advertising, window display, sport stories for publicity, banners, and individual cards.

The advertising scheme calls for the posting of the large display posters in all towns within a radius of twenty-five miles from Maryville, to use both the smaller posters and the larger ones in the various business houses of Maryville, to use the local newspapers, to use individual badges both on the students and the townspeople, to use window displays, and to talk up the games.

At the present time plans are under way to make a special advertising plan for the annual homecoming game to be played in Maryville November 11 between the Bearcats and the Warrensburg Mules. There are about twenty students in the class, which is under the direction of Mr. Eek.

Warrensburg Plans To Build a Stadium

Funds From Faculty, Students and Alumni Expected to Erect Addition at Teachers College.

A \$100,000 stadium is planned for the Warrensburg State Teachers College as a result of a campaign launched by the senior class. It is expected that the stadium will be erected by funds from faculty, alumni, and students.

Teacher's "Pet"; No Siree, They Are the Dean's

How nice it must be to be the teacher's pet; but how much nicer to be the Dean's pet. Perhaps you don't believe that the Dean has pets. She has. The cutest little fellows, with dark brown eyes and the sleekest little coats of brown. When the Dean has visitors the shy little mice play at peek-a-boo with them, sunning themselves in between times while the mystified visitors stare with awe and open mouths, wondering whether the little darlings will decide to come and personally introduce themselves or will scamper away until the visitors depart and then resume their game with the Dean.

Off, to the horror of the girls in the recreation room, the little imps insist upon coming forth from their haven in the Dean's office, causing the lady elevation of pedal extremities from the floor.

It is with great pride that the Dean keeps her little pets because they are so talented, if you wish to call it that, but the young ladies wish that the little brats, as they are sometimes called, would keep their shoddy place beside that of the recreation room.

Surgeon: "I've sewed that scalp wound for you for \$10."

Patient: "Go, Doc! I just want plain sewing, not hemstitching and embroidery."

Bearcats Will Meet Irish Here On Friday P.M.

College Football Team Loses Game to Kirkville Bulldogs Last Friday by Overwhelming Score of 7 to 50.

After two weeks of playing away from home, the College Bearcats will again be seen in action on the gridiron here Friday afternoon when they meet the St. Benedicts College team from Atchison, Kan. This will be the first time this year that Coaches Lawrence and Jones have tested the mettle of their eleven against that of a Kansas Conference team, and an interesting game is forecast. The tilt will begin at 2:30 o'clock.

This week the Bearcats have been working overtime in an effort to tighten spots which showed up as woefully weak against the Kirkville Bulldogs last Friday. This game was the big upset so far in the Missouri Intercollegiate Athletic Association race for 1926. Forecast had it that the game would be close and that either team might win. The Bulldogs were known to be strong, but followers of the game thought that the Bearcats would play them a close game and that the outcome would be in doubt until the final whistle.

But Something Slipped

But something slipped somewhere. The Bulldogs displayed a dazzling offense and an air-tight defense, and were decidedly superior in all departments of the game. The final score was 50 to 7, a total which was almost unbelievable. Maryville fans who saw the game are high in their praises for the team coached by Don Faurot. The Bulldogs just out-footballed the Bearcats from all angles. They went through the line for long gains when it was thought that the Maryville line could not be penetrated. They skirted the ends for yard after yard when it was thought that end runs would be nipped in the bud in all instances. And they completed pass after pass when it was thought that the majority of their flips would be knocked down by the Bearcat secondary defense.

Of alibi making there is none. Coaches and players alike admit that Kirkville should have won. There was a good spirit to the game, and defeat is forgotten in the fine sportsmanship displayed by the Maryville team. With this game over the horizon, they are now looking forward to the meeting this week, and are practicing with a vim which denies all thought that the defeat last week has left them in a demoralized state of mind.

Maryville Captain Out

The Bearcats played the game without the services of Capt. "Ikey" Ends. This stellar backfield man was missing from the starting line-up, and he went into the game only for the time needs to kick a goal after the lone Maryville touchdown. This marker came in the middle of the game, when "Bunk" Miller recovered a Kirkville fumble and carried the ball from mid-field to the 5-yard line. Kirkville had completed a pass, and Graham tackled the man with the ball. In the tackle the ball was fumbled, and Miller was waiting.

On the next play after the run, Kirkville was off-side. The ball went back to her 1-yard line. Then O'Banion carried it over.

Just Too Much Bulldog

It must have been a case of just too much Bulldog. The teams started out playing hit-the-line-and-skirt-the-ends football. In this department the Kirkville team was better. Then when the score began to pile, both teams resorted to an aerial game, and Kirkville was far more successful.

The Bulldogs shell-shocked the Maryville line and ends for a total yardage of 220, while the Maryville team was able to negotiate but 76 yards from scrimmage.

In the forward passing game, Kirkville completed sixteen flips for a total of 167 yards, while Maryville gained 76 yards on eight complete passes. Kirkville had eleven incomplete passes and Maryville failed on seventeen attempts. One Kirkville pass was intercepted by Maryville, and seven Bearcat tosses found repose in the arms of Kirkville gridgers.

Counting each touchdown as a first down, the Kirkville team made necessary yardage twenty-four times while Maryville made "first and ten" nine times.

Facts About the Game
The punts averaged about the same, Maryville having a mean of 26 1/2 yards (Continued on Page 2)

ADMINISTRATIVE OFFICERS OF COLLEGE
JUL W. LAMKIN, President of the College.
EDITH A. BARNARD, Dean of Women.
W. A. RICKENBRODE, Registrar.

COLLEGE OATH
"We will never bring disgrace to this, our College, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will respect and obey the College laws and do our best to incite a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us."

It has been many days since the corridors of S. T. C. were filled with neophytes of our literary and social organizations when they again appeared on the scene last Wednesday morning. New, perhaps only to a few of the boys, modes of hair dress were exhibited, bright ribbons and witty signs were the order of the day. It was quite surprising to see the ease and agility with which many of the girls being initiated into one of the large organizations could balance a block of wood, which bore the initials of the club, on their heads. Perhaps this was not such a startling revelation to some of the members of the faculty.

In short, this display of student life was but a sign that student activity is not a dead thing but one that is very much alive. Participation in student activities is one of the things not prescribed in the curriculum that is highly essential to obtaining a broad education. Join one of the literary societies or one of the clubs about the school. Get in line and have some pleasure mixed in with your work.

NAMES ON BULLETIN BOARD

One day last week the hall in front of the bulletin board was very crowded throughout the day. Upon inquiring one would find a large list of names listed, both boys and girls. This list of names was of students who were not doing satisfactory work for the first six weeks of the quarter. Now some students may have a good excuse for having their name posted but a large majority of those whose work is not of par value can raise their standard before it is too late. There are many ways in which one can slight a lesson, as almost everyone knows, but for the student who comes to College with the intention of learning something that will be of some good to him when he is out in the life of the world, he must put everything that he has in his preparation of his studies. It is the same with him as it is with the athlete. If he does not put in his best he can not hope to derive any benefit beyond that he has spent in preparing his work. One does not come to college to have a good time, although there are a few who are of that opinion, but to make his college life into a firm foundation upon which he can rely when he has graduated. There is yet time for the individuals who really wish to make the best of their time while in college, to buckle down to the difficult task of gaining the knowledge that has been slowly slipping past. Let every student appoint himself or herself as a committee of one to see that his or her work does not slip below its par value.

ARGUMENT

What a delicious thing is argument! What else can one find more satisfaction, more pleasure, more ecstasy than in the exchange of scathing comments, the interplay of scorching wits, the hurling of verbal brickbats? One is raised by it from the sordidity of the commonplace and tastes for period the very elixir of mental life; and even after the heat of battle has vitiated itself one is left so exhilarated that he dares the most difficult and awe-inspiring twists of cerebral gymnastics.

We are not to be without criticism after that paragraph above. Some one is going to object to such an effusion on such a subject. As that one reads he will stare perplexedly, then frown in disapproval, then with a horrified look will throw down this article and exclaim—"PREPOSTEROUS!" Tomorrow he will rush up and collar us for the purpose of telling us just how absurd a fellow we really are. He probably will get quite heated on the subject, and we, sensing the promise of our favorite sport, will get heated too—in short, we will end in an argument! We shall listen to his rebukes, we shall watch him joyfully as he gets redder and redder in the face, we shall warm our pagan soul at the fire of his eye. And then, when he is at the height of his fervor, we shall say to him, "Hold on a minute, brother. You come to tell us how absurd argument is, and in doing so get yourself into one. That is no way for one to go. Admit that you like one yourself."

We don't know whether he will ad-

mit it or not. That depends on whether or not he is thinking straight. But surely, any one who might happen to be a looker-on will side with us. Why, his act is as inconsistent and absurd as was a recent "going to war to end war". Both just go to show that after all there is an element in us, humans that craves action, thirsts for the blood of combat.

Not that thirst for a thing justifies its existence or our indulgence in it. That fallacy was exploded not so long ago by none other than Mr. Volstead. War is wrong though we seem to want it, no doubt of that. We like the excitement and glamour of it, but the resulting destruction is a horse of a different complexion.

Look at the marvelous thing which is argument, though. It combines all the good points of war and omits all the bad. We are able to reconnoiter, and steal up on the enemy from the rear. We are able to sling our deadly instruments at him, see them hit and take effect—yet damage nothing more than his peace of mind. Yes, and even that is completely restored to him when he marshals all his forces and regains the ground lost—maybe even a little extra.

Argument is what we are speaking of, remember. We hasten to forestall an objection that fisticuffs don't stop at damaging the peace of mind, that they prefer a blackened eye or a bloody nose. We are not concerned with fisticuffs. When fists begin to swing out wickedly with malice aforethought we have an argument no more—we have a brawl. The art of argument is more genteel and is for genteel people alone. When one begins to use his opponent for a glorified punching dummy one has lost one's head, and that is always disastrous to the practice of an art. Those who can follow the rules of the game must get out into the street, where they belong. They and their troubles are not for the ones who enjoy the conflict of wits, without the accompaniment of broken flesh.

What we are trying to say here is that if one follows all the rules of the game, we know of no more exciting, more invigorating and building sport than argument. What a delicious thing it is!

"What became of that hired hand you got from the city?"
"Aw, he used to be a chauffeur, and the doggoned idiot crawled under a mule to see why it wouldn't go."

Meet Irish Friday

(Continued from page 1)

and Kirksville an average of 20 1/2 yards. Penalties show that Maryville was set back 20 yards, while Kirksville suffered an even 100. Losses were: Kirksville, 22 yards; Maryville, 8 yards.

There was one department in which Maryville shone. In the runback of kick-offs, the Bearcat luggers carried eight kick-offs back for a total of 177 yards.

Each team fumbled three times. Maryville recovered two of her own and two of Kirksville's.

Alabama High School Girls Hold Contest

Dresses Worn By Young Women Are Scored in Competition for Honor of Representing State.

Entire wardrobes for young women were featured in the annual State high school clothing contest held recently in Birmingham, Ala., under the auspices of the State department of education and the Alabama Home Economics Association. Dresses made by pupils in lo-

cal contests were scored both on and off the person, and the girl scoring highest had the privilege of representing her school in the State contest. Traveling costumes worn by pupils were judged upon arrival in Birmingham as to becomingness and suitability. Dresses for afternoon, street, or church wear were scored for suitability, technique, hygiene, and cost; and the cooking costume on general appearance, hygiene, and technique. New and remodeled hats and a silk dress for street wear were special entries. Standards for instruction in the selection, construction, and care of clothing are being established, and an opportunity was offered teachers to observe the work of other schools.

Eskimo Boy Scouts Formed by Teacher

Village Problems Discussed at Meetings in School Which Is the Clubroom

An Eskimo Boy Scout troop has been organized at Cape Prince of Wales on Bering Strait, Alaska, by the teacher of the school at that place, which is under the direction of the Bureau of Education, Interior Department.

At meetings, which are held twice a

month, the boys discuss village problems as well as their own immediate concerns, and their cooperation with the local village council has been of real assistance in keeping the village clean and the water supply sanitary. The teacher is the scout master, and the schoolroom has been converted into a reading room, where good magazines, books and games are accessible to the boys during the entire year. Contests are conducted in marksmanship, spear throwing, archery, first-aid, health and cleanliness, cooking, woodcraft, animal and plant study, and other Scout activities.

at the annual masquerade party given at Hallowe'en time by the Y. M. C. A. and the Y. W. C. A. Costumes of most entertaining varieties were on display. Prizes were given for the best costume

to Florida Moore, who dressed as a cat and to Graham Malotte, who was attired in the costume of a Spaniard. The evening was spent in playing games and dancing.

A MAN traveled 250 miles to see his Alma Mater play the traditional rival in football.

In the last few minutes of the game an airplane flew over the field, and he looked up to watch the aviator doing his stunts.

While he was looking up, his team made a fake play and scored the winning touchdown. But he missed the play. He didn't see it.

Many a person looks right at the players and misses many a play because his eyes need testing. Are you one of those? Don't miss anything in the game of life because your eyes need attention.

Let us test those eyes, and then you won't have to wonder if you are missing anything.

The Program for This Week

Thursday and Friday—"MEN OF STEEL", featuring Milton Sills and Doris Kenyon. A First National Picture.

Saturday "FLAME OF THE YUKON". This picture will not open in Kansas City until December 20.

Sunday and Monday—Rudolph Valentino in "THE EAGLE".

Tuesday and Wednesday—Rod La Rocque in "GIGOLO", his outstanding success. From Edna Ferber's story. Life at its dizziest in the most sophisticated playground in the world—Paris.

Forget It, Bearcats

That old defeat of last week doesn't mean a thing to us. We're behind you as strong as ever because we know you play the game. It's no disgrace to lose to a stronger team.

THAT'S JUST LIFE

Every day there are hardships which we must confront. Sometimes we lose for the moment, but if we keep on plugging, we always come out O. K. in the long run.

AND THAT'S BUSINESS

Sometimes it's pretty hard to save money, and oftentimes it's a job to make ends meet. Those are the times when the advice of a banker helps. We want to be known as the big, friendly bank to all students. Come to us with your troubles.

AND, BY THE WAY

We're banking on a victory over St. Benedict's Friday afternoon.

TAKE A WEEKLY TRIP HOME OVER THE TELEPHONE.

From a College Girl's Diary

"Wednesday, March Fifth—telephoned home tonight and talked with Mother and Dad. They both seemed so glad to hear my voice. I'm going to telephone them regularly hereafter. Mother told me all about"—but let us peep no further into the young lady's personal memoirs.

Just this little glimpse tells us that here is one of those College Girls who are so thoroughly modern in everything they do—even to their method of keeping in touch with the people at home. They make the most of opportunities and get the most out of college.

Are you one of the thousands of American College Girls who find encouragement and inspiration in weekly telephone chats with Mother and Dad?

Denny Picture On This Week

Another cyclone of laughs, with Reginald Denny as its instigator will entertain the audiences at the College Thursday and Friday evenings, November 4 and 5.

Its title is "Take It from Me" and its sole purpose is the promotion and furtherance of laughter. It has no serious intent, and it is riotously funny—funnier even than Denny's previous pictures, "What Happened to Jones" or "Skinner's Dress Suit."

Fancy Reginald Denny, if you can, as a manager of a big department store in a city. He doesn't know anymore about running one in the picture than he does in real life. But he is deadly serious in trying to do the job right.

He must show a profit or lose the store. Of course the comedy villain comes in here to try to prevent him from keeping the establishment out of the red side of the ledger.

But Denny's amusing numerous antics—which he performs in a profound and solemn manner which makes them all the funnier—and his countless blunders and instances of bad business judgment all turn out for the best and Denny wins the store, the girl and the enthusiastic plaudits of the audience.

For instance, when he—but that would be revealing the precious situations of the story, and once having seen the picture you would never forgive that indiscretion.

Blanche McHaffey makes a beautiful and charming leading woman for the clever farceur.

Ben Hendricks, Jr., and Leo Moran as the blundering but well intentioned friends of the hero are a splendid comedy team. Ethel Wales and Lucien Littlefield are excellent as the plotters who try to wreck the store, and Jean Tolley in the supporting role, is excellent proof of why gentlemen prefer blondes. Tom O'Brian, Vera Lewis, Bertram Johns and others are in the minor roles.

"Take It From Me" has all the breeziness of the musical comedy from which it was adapted. It is a Universal Jewel production directed by William A. Seiter.

High School Notes

Lathrop

A very interesting assembly was recently given at the High School. A pep meeting was held first and the walls rang with the echoes of the yells and songs which were given with enthusiasm by the student body who are inspired by the school spirit, loyalty and confidence in the team.

Visitors were present in the persons of Rev. T. T. Swearingin, of the Christian Church, Mr. Tuttle, evangelistic singer, and Miss Martha Porter, accompanist. Mr. Tuttle sang and his numbers were highly entertaining and proved very popular with the student body. Rev. Swearingin gave an excellent talk to the students. They were admonished to always play the game square, especially the game of life.

Good work is being done by the grades in art, nature study, arithmetic, English and geography.

In the history classes special reports are being taken up. These classes are European History, ancient and medieval, and American History. Reports are on great men, such as Washington, Columbus, Napoleon and Magellan.

The French II class is accomplishing good results in its work. The class is small but everyone is working hard.

Nishnabotna

The boys' and girls' basketball teams played Daleview boys and girls at Daleview Wednesday, October 20. Daleview won both games by the following scores: girls' game 37-0; boys' game 18-10. The boys' team has entered a basketball tournament to be held at Fortescue Saturday, October 30.

The high school students entertained the eighth grade students of the Central school, Lincoln, and Valley View with a Halloween party at the school building. Halloween games were played after which refreshments in keeping with the occasion were served.

The new equipment in the form of charts, maps, books, and laboratory material, which was ordered for the new courses that were added this year, has arrived and we expect to accomplish much more during the next quarter than we have during the past one.

Grade Notes

The Miner children have been absent during the past week.

Ira and Virgil Brown were absent from school Monday.

The fourth grade has started the study of Hygiene.

Mrs. E. E. Huffman visited Friday afternoon in Mrs. Kirby's room.

Corning

The enrollment at the present time in the Corning school is 86. The primary room has an enrollment of 59; the intermediate room 31; and the high school 54. The teachers are: Sup't. Mr. R. T. Kirby; principal, Bernice Christen; Mary Hartigan, Hermie Puelling and Margaret Deaschler.

The Corning basketball teams have had a very successful season so far. The girls have won 6 games out of 7, and the boys 5 out of 8. The girls won 2 games from Nishnabotna, 1 from Bigelow, and 1 from Irish Grove, and lost 1 to Belleview. The boys won one game from Nishnabotna, one from Craig, one from Irish Grove, 2 from Daleview, and lost one game to Nishnabotna, Bigelow and Belleview. The lineup of the teams is as follows: girls—captain, Uldene Thieman, jr; Marjorie Swan, rg; Clara Meyer, rg; Grace Riley, lg; Alta Riley, lf; Ina Sanders rf; substitutes, Mabel Stoner and Alma Martin.

Boys—captain, Virgil Flanagan, c; Donald Pfeil, lg; Carrol Schooler, rg; Harold Christen, rf; Eugene Buckminster, lf; substitutes, Marland Voltmer, Herschel Yount, Dale Kunkel. Miss Bernice Christen is the girls coach and Mr. Kirby coaches the boys.

The classes have organized and the following officers were elected: freshman, president, Vivian Heitman; vice-president, Marjorie; secretary-treasurer, Herschel Yount; sponsor, Mary Hartigan.

Sophomores, president, Grace Viets; vice-president, Elsie Haer; secretary-treasurer, Elvina Mallory; sponsor, Mary Hartigan.

Juniors, president, Uldene Thieman; vice-president, Mabel Stoner; secretary, Evelyn Stepp; treasurer, Virgil Flanagan; sponsor, Bernice Christen.

Seniors, president, Harold Christen; secretary-treasurer, Clara Meyer; sponsor, Mr. Kirby.

King City

The total enrollment of the high school is one hundred forty-one.

The classes have been organized and the presidents are: seniors, Lucian Frank; juniors, Garland Snapp; sophomores, Delbert Belcher; freshmen, Albert Rankins.

The seniors had seven students on the honor roll for the first six weeks, the juniors two, the sophomores four, and the freshmen three.

The King City football squad, under the supervision of Morton C. Cunningham, has been decidedly successful. The games between Grant City and Bethany were victorious for the K. C. Wildcats. Our first defeat was with Gower when the score was three to two. King City has the following games scheduled:

Oct. 29 King City at Mound City.
Nov. 5 Albany at King City
Nov. 19 New Hampton at King City
Nov. 25 Savannah at King City.

The K. C. H. C. Razettes have been doing good work this year. They were organized early this term. There are twenty-two members. The officers are: president, Jennie Sherard; secretary-treasurer, Julia Ringold.

The girls' basketball practice has started. Mr. John McCollum is coaching them. We are planning a very successful season.

There are quite a number of seniors and juniors working for their state letter. "M"

Union Star

The Amity boys' and girls' basketball teams were defeated by the Union Star teams 21-8 and 10-9 October 22.

The boys' game, while not as close as the girls' game, was well played. The team started with its usual determination and there was never any worry for fear of losing the game. This is the second time this year that the Amity teams have been defeated by Union Star.

Only those who make passing grades in their studies are permitted to play basketball.

The girls' game was very interesting from the very beginning. Union Star took the lead but the hard fighting spirit of the Amity girls kept the score from increasing. At the end of the second quarter the score was 3-2 in favor of the Union Star team. Shortly after the beginning of the third quarter a free shot by Amity tied the score. The score was gradually worked up by both teams and at the end of the game the score was again tied, being 8-8.

In the five minute play-off, excitement reigned but at the conclusion of the play, the score was 10-9 in favor of Union Star.

Mr. Gressinger, of King City, visited the school last Friday afternoon and took the pictures of each class and its sponsor of the two basketball teams, and of the grade students. The pictures will be furnished soon.

Hatfield

The boys' and girls' basketball teams of Hatfield won and lost respectively from the boys' and girls' teams of Eagleville on their home court October 22, by a score of 46-19 and 38-13. The boys' team has won seven games and lost one so far this season.

The first quarter examinations were given October 21 and 22 and the grade

cards were given out on the following Monday.

A Halloween party was given by the high school on the evening of October 30, in connection with the annual box and pie supper.

The library has undergone a complete reorganization and is now ready for use by the student body.

The American Problems class is now taking up the study of economic problems. They have just completed the study of labor divisions and power.

The elimination tournament of Harrison County will be held at Eagleville

Mt. Moriah and Bethany on November 20. It is hoped that the 10. The final games of the outdoor Hatfield team is again victorious this tournament will be held at Bethany year as it was last year.

Library Facilities Vary in U. S. Islands

There are 246 Points for Distributing Books in Hawaii.—Condition Bad in Philippines.

Extension work by the Library of Hawaii has been carried on for 13 years. There are now 246 points for the distribution of books, and library service is available on the remote islands. In the Philippines, however, outside of Manila the people have little access to books, as shown by a survey of library facilities in Canada and the United States, including dependencies, conducted by the American Library Association. Library facilities are very meager in Porto Rico and Alaska. In Guam, American Samoa, and the Virgin Islands, libraries maintained for the Navy personnel are open to civilian adults. It was found that in all the islands there is need of education among the people in the value and use of libraries.

Mary West, B. S. '23, is teaching in the Westport Junior High School, Kansas City. Miss Hudson recently had a letter from her.

High School Notes

Princeton

The strong Princeton High School football team battled the Bethany High team to a scoreless tie last Friday on the Bethany gridiron. Both teams threatened their opponents goal but the Princeton eleven lost the ball on fumbles while the Bethany team could not get through the heavy line. A series of forward passes was opened up by Princeton in the last quarter and the ball was on the Bethany two yard line when the game ended. It was the second scoreless tie for Princeton, it having tied Corydon at zero in its first game of the season.

Lathrop

The Plattsburg football team defeated the Lathrop team last Friday 3-0 at Plattsburg. The game was evenly matched throughout. A dropkick by Montgomery from the 30-yard line gave the Plattsburg team the winning points. This was the first defeat of the year for the Lathrop team.

Amity

The total enrollment of the Amity

Public School is 85 for the semester. There are 46 students in the high school and 39 in the grades.

Each class is to take turns in presenting the assembly programs in the future. The seniors are the first to present their program and the other classes follow.

The name of "Bluejays" has been selected as the name for the high school team. The girls' and boys' basketball teams meet the teams from Weatherby on their home court November 2.

The juniors gave a masquerade party for the seniors and faculty last Friday night. Everyone present had a very good time.

Maryville High School

The Commercial Department of the Maryville High School is on the list of the best high schools in the United States that offer commerce.

During the school year of 1924-25, there were six Juniors, or beginners, taking shorthand and typewriting; during 1925-26 there were twelve beginners. This year we have eighteen beginners. These figures mean that the Commercial Department has grown in size until it is now three times as large as it was two years ago.

There were twelve typewriters in the department. To meet the demand six new typewriters have been bought, two Underwoods, two Remingtons and two L. C. Smiths.

Last year a new Victrola was bought for the department. Never a day passes but that it is used, by one of the Typewriting classes. It helps the students to develop rhythm, which is the basis of speed.

Students have become so interested in commerce that a Commercial Club has been organized with Miss Marr, commercial instructor, as sponsor. The purpose of the commercial club is to show the history and developments of Shorthand, Typewriting and Accounting.

The chorus and glee clubs of the Maryville High School are under the direction of Mr. Bernhardt Bronson. New music has been ordered and real work will begin soon.

The Maryville Orchestra under the direction of Mr. H. O. Hickernell has organized this year with Virginia Braun as president, Earl Sommerville vice-president and Lawrence Wray as secretary and treasurer. This organization has many new members and good work is being accomplished.

Assembly-singing is progressing under the able direction of Mr. Bronson. The Maryville High School is learning to warble a few old fashioned songs. Of

course, some still sing out of tune and some not in time, but we hope to improve by the end of the year. The school board has been kind enough to buy two hundred new songbooks, which are greatly appreciated.

The Zeta Sigma Literary Society of the Maryville High School accompanied by its sponsor, Mrs. Virgil Rathbun, went on a picnic Friday night. The novel feature of the picnic was a hay rack ride which was greatly enjoyed by all.

Each student of the Maryville High school must be a member of at least one activity. There are activities for boys and girls. For the boys the societies are: Claytonian Literary Society, Demosthean Literary Society, Mark Twain Literary Society, Hi-Y Club, Agriculture Club, and the Boys' Glee Club. For the girls the societies are: Zeta Sigma Literary Society, Girls' Reserve, Smith-Hughes Club, Elizabethan Literary Society, Girls' Glee Club, and the Victorian Literary Society. The clubs that have both boys and girls as members are: Chorus, Commercial Club, History Club, Dramatics, and Debating.

This large number of clubs gives each student a chance to belong to a society that has the work in it which he or she intends to take up in later years.

Conception Junction

The Conception Junction High School boys defeated the Gaynor quintette on the latter's home court, Thursday evening, by a score of 21 to 10. Both teams played a fine game for their size.

The P. T. A. of our town showed us that it does not believe in talking, but in acting. It bought paint, painted the high school room, decorated the rooms with numerous varieties of house

plants and in fact has helped make our school look more like a group of cozy living rooms.

On Wednesday night all enjoyed a jolly good time at the school house. Just a little Halloween party for the kiddies and grown-ups both. The P. T. A. was again on hand with percolators and sandwiches.

One quarter has already elapsed and the students are now rejoicing that "exams" are over, instead of lamenting the day they will come.

Oh yes Just a word about our coming Cabaret. It's going to be a real affair, folks, and if you want some real city entertainment, just step up to the Costello Hall at Conception Jet.

the night of November 10. Dancing, drinking and eating while our rollicking Follies girls perform. And this is not half of it—but we'll tell you the rest later.

Plans are well under way for the organization of a high school orchestra. All we need is another instrument or two.

We're for those Bearcats Heart and Soul

And the Big Thing about that Defeat last week is that It is Just Like a Suit of Clothes. The Bearcats will Come Back this week as Strong as ever, and they'll Trim the Socks off St. Benedicts.

And you Send your Dirty Suit to us and it'll Come Back looking as Spic and Span as Ever.
